

Career Strategies for Savvy Professional Women

SUZANNE DOYLE-MORRIS, PH.D

Dr. Suzanne Doyle-Morris uses a practical and pragmatic presenting style to discuss how professional women can achieve rapid career advancement. As author of **“Female Breadwinners: How They Make Relationships Work and Why They are the Future of the Modern Workforce”** following the huge success of **“Beyond the Boys’ Club: Strategies for Achieving Career Success as a Woman Working in a Male-Dominated Field”**, her keynotes focus on modern diversity issues that address how both businesses and individual women must adapt to succeed.

As Director of **Femalebreadwinners.com**, Suzanne Doyle-Morris’ expertise is born out of her coaching work with professional women as well as her **Ph.D** research from the **University of Cambridge** on the experiences of women in male-dominated fields.

Dr. Doyle-Morris has presented at events for **Clifford Chance, Unilever, Microsoft, Morgan Stanley, Thomson Reuters, Accenture, Deloitte, BP, Hewlett Packard, the University of Cambridge, Barclays, Women in Banking and Finance, European Professional Women’s Network and Women in Technology** among others.

In her keynote on **“Female Breadwinners”** she discusses how organisations must adapt to the rising tide of women who are the main earners for their family. Not only does she address how the business world must evolve to retain and develop key talent for the future, but also how these demographic shifts affect the relationships and expectations between individual men and women.

When presenting on **“Moving Beyond the Boys’ Club”** Dr. Doyle-Morris offers tangible strategies that audience members can enact immediately to get noticed by senior stakeholders. She helps women become comfortable with self-promotion in order to get the recognition they deserve, for themselves and their team.
